ATTORNEY GENERAL LYNN FITCH

June 22, 2023

A Note from AG Lynn Fitch

It's been one year since the Court returned policymaking about the very important issue of abortion to the people. In celebration of this landmark decision this week, we are hosting the **Dobbs Donation Drive** to support more than 60 pregnancy centers across the U.S. who empower women every day.

These are just a handful of the over 2,700 life-affirming centers in communities all across the nation. Will you join me by supporting these centers and encouraging all within your circle of influence to participate as well?

How to Participate:

- Simply click [here](#) to view the pregnancy centers' Amazon wish lists
- Purchase one or as many items as you wish
- When you checkout, be sure to select the pregnancy center's shipping address, and the supplies will be shipped directly to the centers and used to help the women and children they support
- Share with your friends, family and audience

Together, we can show the nation how we are all focused on empowering women and promoting life in this new *Dobbs* era!

May God Bless You,

[Life News: AG Who Won Dobbs Case Leads Effort to Stop Biden from Pushing Abortion Nationwide](#)

“For the past 12 months, the Biden Administration has tried to subvert the Court’s *Dobbs* decision that returned important policy making to the people,” said Attorney General Lynn Fitch. “With the use of unlawful executive actions and blatantly false misinformation campaigns, the Administration has shown they will stop at nothing to impose a national abortion regime, regardless of the *Dobbs* decision, state laws, or, most importantly, the will of the people. We urge the Administration to respect the American people’s right to make laws related to abortion and abandon this unlawful proposal.”

[ADF Honors AG Lynn Fitch, Michael Farris with 2023 Edwin Meese III Awards](#)

General Fitch’s tireless efforts and courage to defend her state’s pro-life law led to the U.S. Supreme Court’s decision to overturn *Roe v. Wade* and save countless lives. ADF recognizes General Fitch for her significant efforts in publicly promoting and defending our most cherished freedoms and a principled jurisprudence through the active advancement of constitutional originalism. She embodies the enduring commitment to justice that is the hallmark of the American spirit.

The award is named in honor of former U.S. Attorney General Edwin Meese III, who was the first recipient in 2009. “I am honored to have my name associated with this award, which has been distinguished by the outstanding individuals who have received the award over the past years. That tradition continues today with our two recipients: Lynn Fitch, Attorney General of Mississippi, and Mike Farris, who has served as president and CEO of ADF,” Meese said.
