Re: Victims of Human Trafficking and Commercial Sexual Exploitation Fund –
FY 2025

Dear Auditor White,

House Bill 1559, enacted on July 8, 2020, established the “Victims of Human Trafficking and Commercial Sexual Exploitation Fund” to be administered by the Attorney General’s Office under the coordination of a seven-person committee with appointments from the Speaker of the House, Lieutenant Governor, Governor, and others. The bill provided that the Fund shall consist of:

- (a) Monies appropriated by the Legislature;
- (b) The interest accruing to the fund;
- (c) Monies received under the provisions of Section 99-19-75;
- (d) Monies received from the federal government;
- (e) Donations to the fund;
- (f) Assessments collected pursuant to Section 83-39-31;
- (g) All other monies received by the state from every source for the support of shelters for victims of human trafficking and commercial sexual exploitation;
and
- (h) Monies received from such other sources as may be provided by law.

Miss. Code Ann. § 97-3-54.11(1). The bill further provided that these monies should be used “to fund and assist human trafficking shelters, commercial sexual exploitation shelters and victim service providers.” Miss. Code Ann. § 97-3-54.11(2). Pursuant to the administrative rules promulgated under Section 97-3-54.10, a 3-person independent evaluation panel of experts in the field of human trafficking is empaneled by the Fund Committee to evaluate the funding applications and make funding recommendations to the Committee.

The law requires the Attorney General’s Office to “provide an itemized financial report to the Legislature and State Auditor of all expenditures, statistical data regarding services

that have been provided, and a report of all service activity with geographical description.” Miss. Code Ann. § 97-3-54.11(4). This is our fourth such report.

Fund Summary for FY 2025

Fund Status

At the close of Fiscal Year 2025 (June 30, 2025), the balance of the “Victims of Human Trafficking and Commercial Sexual Exploitation Fund” was \$716,787.48. This sum included \$190,594.57 in assessments paid to the Fund by criminal defendants and sent to the Fund by Mississippi’s court clerks pursuant to Section 99-19-75(2) and \$90,980.92 in earned interest.

Funds Distributed

In November 2024, the Attorney General’s Office opened the third application period for human trafficking shelters, commercial sexual exploitation shelters, and victim service providers to seek funding. Seventeen applications were received, seeking a total of \$6,849,388.94 in funding. Of that total, one was disqualified for failure to meet application requirements, 13 were funded, and three were not funded. Of the 13 proposals that were funded, six were partially funded. Awards were announced in January 2025, and in this third round of funding, the Attorney General’s Office distributed \$3,958,591.78. A detailed breakdown of the awards is provided *infra*.

As noted above, a 3-person independent evaluation panel was empaneled by the Fund Committee to evaluate the funding applications. Each panelist was compensated \$1,000 for her time. While the law permits the Attorney General’s Office to use up to 10 percent, in an amount not to exceed \$100,000.00, per fiscal year for administrative purposes, these were the only distributions made for the administration of the Fund.

FY 2026 Funding

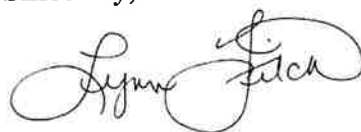

The fourth application period opened on August 1, 2025, and closed on August 28, 2025. A total of 16 applications were received, totaling \$4,964,116.97 in funding requests. The evaluation panel met on October 6, 2025, and its recommendations for funding were presented to the Committee later that month. The Committee voted to approve the 9 applicants recommended for partial or full funding in a total amount of \$2,456,110.45.

Though the Legislature appropriated \$2,500,000.00 for distribution in Fiscal Year 2026, the Governor vetoed that appropriation, and as a result, the Fund had insufficient funds to make the full award at the time awards were made in December 2025. Given these circumstances, the Committee elected to distribute funding in two rounds. The first round used funds currently available when awards were made, and the second round will

be contingent upon legislative appropriation in the 2026 Legislative Session. In the first round of funding, those applicants for whom the Committee made a full award of funding received 41% of their total award. Additional awards are expected should the Legislature appropriate additional funds in the coming session. We look forward to continuing our work with the Legislature to secure additional funding as early in the 2026 Session as possible.
